A LEADING PROVIDER OF WELDING AND FABRICATION SERVICES

EVERYONE ARRIVES HOME SAFE EVERYDAY.

R. McKenzie Welding and Fabrication LP (R. McKenzie) is a leading provider of welding and fabrication services to the energy and construction industry in Alberta. Founded in 1994, R. McKenzie has routinely delivered safe and technically superior welding and fabrication services to support the activities of oil sands owners and other companies operating in northern Alberta. Headquartered in Fort McMurray, AB, R. McKenzie also has an office located in Edmonton, AB.

SAFETY AND TRAINING

The safety of our people is integral to the operations of R. McKenzie. Whether working in our facilities or on our clients' sites, safety is our top priority and we strive to ensure that, "Everyone Arrives Home Safe Everyday." R. McKenzie has a full-time HSE advisor and all employees complete a range of safety training as well as training to operate specialized equipment. Other training includes computer based training as well as required training from our clients, industry associations and legislative requirements.

SKILLED PEOPLE

R. McKenzie is a certified CWB welding shop and is comprised of numerous certified and experienced tradesmen. These skilled people include Certified CWB Supervisors, Certified CWB Welders and Certified QA/QC Inspectors.

FACILITIES AND MOBILE SERVICES

To service the needs of our clients R. McKenzie has more than 20,000 sq feet of shop space in Fort McMurray and Edmonton, Alberta. These facilities include space designed for welding, fabrication and structural steel erection. R. McKenzie also has a fleet of mobile welding trucks to service the needs of our clients directly on their sites. These facilities and mobile services combined with skilled labour gives R. McKenzie the ability to service our clients on a 24/7 basis.
